Dear Mr. Goldberg,

Covered by your receipted invoice No. 7842, on April 28, 1966 you sent me a print of the famous assassination picture you phofographer Attgens made in Dallas, as the Presidential car was approaching him.

In my letter I said, "I want to be certain that it is the full and unretouched negative and that it is a clear enlargement."

Unfortunately, this is not what I got. Is it, please, possible for me to get a print of the entire negative, unaltered in any manner?

Thank you very much.

Sincerely yours,

Harold Weisberg
